More Than Just a Great Residence

There's much more to Southwinds Retirement Home than a full-time residence. Take advantage of our amenities for only a few weeks or just for the day.

Adult Day Care

Providing a supervised, safe and structured social environment, our professional staff provides nutritious hot noontime meal and between-meal snacks, a full schedule of activities and events, and a special accommodation for persons with Alzheimer's or related dementia.

Short Stay

For one week, or a month, let us take over your caregiver duties. With a beautiful room, 3 delicious daily meals, a choice of many on and off-site activities, and 24/7 medical care, we provide caregivers with that needed break.
